Education

- **National Institute of Technology, Jalandhar** *2023-2027*
  B.Tech CSE
- **International Indian School, Dammam** *2021-2022*
  CBSE, Dammam, Saudi Arabia
- **International Indian School, Dammam** *2019-2020*
  CBSE, Dammam, Saudi Arabia

Personal Projects

- **AI-Powered Freestyle Rap Trainer (React | TypeScript | Tone.js)**
  Built an interactive web application that gamifies freestyle rap training, utilizing real-time audio synthesis and complex rhythm visualizations to improve user flow.
  - Developed a "Battle Simulator" featuring a virtual opponent with synchronized voice synthesis (Web Speech API) and kinetic typography animations.
  - Engineered a custom audio sequencer to generate procedural, millisecond-precise hip-hop beats directly in the browser.
  - Created a dynamic "Rhythm Grid" visualization that guides users through advanced rhyme schemes in real-time.
  - Achieved 250+ active users organically after deployment, demonstrating real-world adoption and engagement.
- **Data Visualization for Product Design: Analyzing Faculty Publications**
  This project provides an interactive and static data visualization system for analyzing publications by the CSE department faculty
  - Goals include showing publication trends, analyzing individual contributions, and comparing research categories.
  - Technologies used: Interactive and static visualizations like bar charts, line charts, pie charts, and Sankey diagrams.
  - Data preprocessing ensures reliability by correcting missing or inconsistent data.

Professional Experience

IT & SAP Intern in XCMG (Dammam, Saudi Arabia) **16 June 2025 - 16 July 2025**

- **Digitally transformed the company to improve operational efficiency, document collaboration, and internal communication.**
- **Provided cloud-based personal storage**
- **Assisted in the configuration and testing of SAP S/4HANA modules to support business operations.**

Technical Skills and Interests

Languages: C/C++, Python, HTML5, JavaScript, CSS, MySQL, Linux, SAP ABAP, MM/SD Module Integration TensorFlow, Scikit-learn, Data analysis, Node.js, MongoDB, React, Express.js
Developer Tools: VS Code, Jupyter Notebook, Git/GitHub, SAP NetWeaver, Webpack
Frameworks: Bootstrap, React.js, Tailwind-CSS
Soft Skills: Communication skills, Management Skills, Team player
Coursework: Data Structures And Algorithms, Object Oriented Programming System, Computer Networks, Data Visulization and Product Design
Areas of Interest: Web Development, CyberSecurity, AI/ML Development

Positions of Responsibility

- **Class Representative,** Computer Science and Engineering *2024 - Present*
- **President,** FSociety Cybersecurity Club *2025 - Present*
- **Student Feedback Council,** Member *2025 - Present*
- **Cultural Secretary,** Hostel *2025 - Present*

Achievements

- **Runner Up in HackOn with Amazon**
  Reached the final stage of Amazon Hackathon
- **Ethical Hacker by CISCO**
  Proficiency in the art of scoping, executing, reporting vulnerability assessments, and recommending mitigation strategies
- **Third place in CYDO's Hack CTF**
  Conducted by CyberDojo-The school of Cyberdefense on 11th April 2025
